

EQUAL OPPORTUNITIES MONITORING FORM

In conformity with its equal opportunities policy the Public Law Project does not ask on its application forms for details of personal attributes unrelated to the job. It is nevertheless important, in order to see whether or not the policy is working in practice, to monitor the age, gender, race and disability among applicants as well as among those actually appointed. It will give us indispensable information as to whether our advertising, recruitment and selection procedures are working fairly or need attention.

We would therefore be grateful if you would complete and return the monitoring form. It is appreciated that the racial classification on the form is arbitrary. No universally accepted classification exists, and it is hoped that the one used here is acceptable if not ideal.

No/ref: _____ (For office use only)

1. Sex: male/female
